

Orna
Feinstein
Houston, TX

About the Artist:

Orna is inspired and fascinated by the interior geometry of the organic, the concentric patterns of tree rings, the linear patterns of wood grain, and the cellular structure of a plant. Over the past 20 plus years she has explored these fascinations using a wide variety of materials and methods but most notably mono-printmaking.

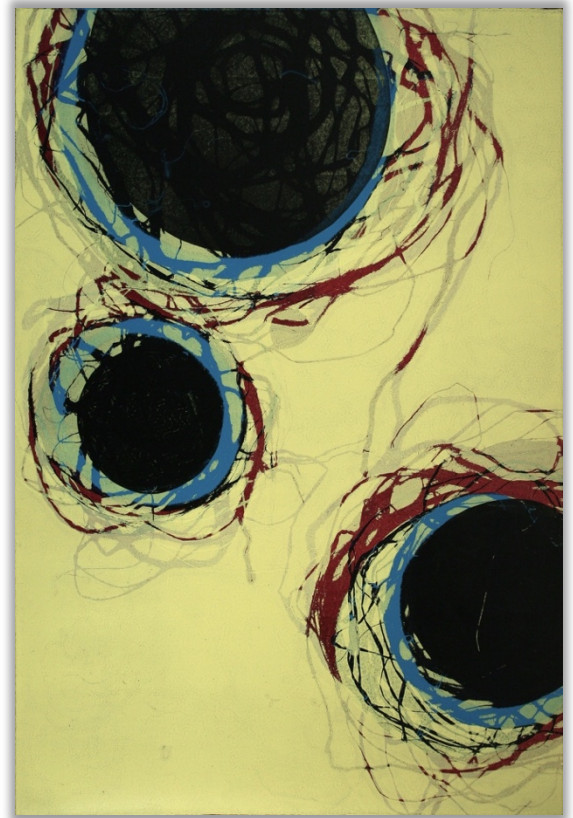

Feinstein celebrated fifteen years of contemporary printmaking in 2014 with a retrospective exhibition at the Museum of the Southwest in Midland Texas, the Geometric and MADi Art in Dallas, and the Museum of the Southeast in Beaumont, Texas.

Orna has been selected to exhibit at the International Print Center New York four times. In 2008 the Museum of Printing History in Houston, Texas mounted a retrospective exhibition of her artwork. In 2010 she was invited to participate in the 14th Print Biennale in Taiwan.

In addition to being exhibited in group and solo shows throughout the United States and Europe, Orna's artworks are included in numerous public and museum collections, among them: *the National Taiwan Museum of Fine Arts*, Taiwan; *Museum of Printing History*, Houston, Texas; *Skopelos Foundation for the Arts*, Skopelos, Greece; *Roennebaeksholm Arts & Culture Centre*, Naestved, Denmark; and *Museum of Fine Arts Houston*, Houston, Texas.

In 2013 her prints won first place in the AMoA Biennial 600 printmaking exhibition at the Amarillo Museum of Art, as well as the first place in the 3rd National Juried Monotype and Monoprint Exhibition, juried by Mark Pascale, Curator of Prints and Drawings at the Art Institute of Chicago. Feinstein also won third place at the PRINTTX 2013 juried exhibition at the Museum of Printing History in Houston.

Orna Feinstein's work has been included in numerous books, catalogs and articles, including June Mattingly's 2013 book "The State of the Art: Contemporary Artists in Texas" Second Edition. In 2014 her work is included in 2 more books: "Contemporary Art of the Southwest" written by Ashley E. Rooney and published by Schiffer Publishing, and "American Printmakers" written by Stephanie Standish and published by Schiffer Publishing.

Artist Statement

I am inspired and fascinated by the interior geometry of the organic, the concentric patterns of tree rings, the linear patterns of wood grain, and the cellular structure of a plant. The works in this exhibition are inspired by the vascular tissue of a tree as seen under a microscope.

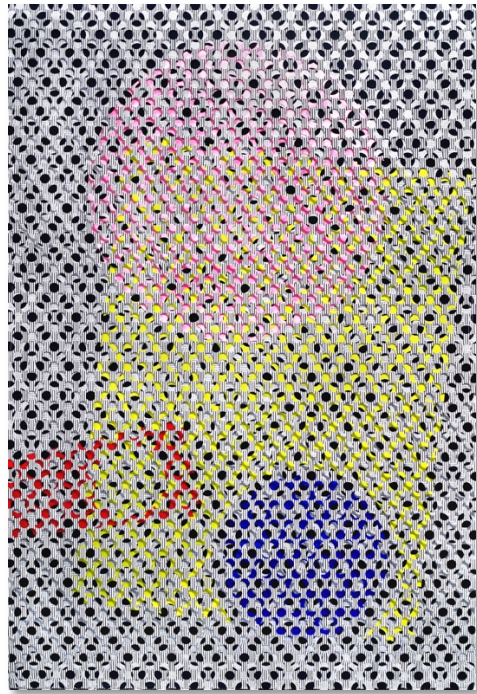

The concept of my work lies in the process and material. My body of work is a direct manifestation of the continuous investigation of the subject matter and the extensive experimentation with a variety of materials. I fuse the traditional medium of printmaking with a contemporary approach adding spray paint and acrylics creating mixed media monoprints.

In addition, the experimentation led me to the creation of sculptures and a floor installation using variety of materials like plaster and cement.
